COLLEGE STUDENT

b.11bhaveshs@gmail.com

Rajsamand ,Rajsthan

## SUMMARY

Information Technology student skilled in Flutter and Dart with experience developing mobile applications, including an attendance tracker for academic subjects. Proficient in Android and web development, with a background in cloud technologies and AI-based solutions. Proven problem-solving skills through Smart India Hackathon 2024 and AWS Cloud events.

## EDUCATION

### Alok Senior Secondary School

Completed 10th and 12th from this school

### JECRC FOUNDATION

CURRENTLY PURSUING BACHELORS OF TECHNOLOGY  
IN INFORMATION TECHNOLOGY  
2023-2027

## SKILLS

- Mobile Application Development (Flutter, Dart)
- Android & Web Development (Visual Studio Code)
- AI & Machine Learning Basics (experience in Gen AI applications and branding integration)
- Cloud Computing (AWS Cloud basics)
- Team Collaboration & Problem Solving (Smart India Hackathon 2024)
- Front-end Design (Responsive UI/UX)

## CERTIFICATIONS

- Cloud Computing Fundamentals
- Generative AI Applications in Branding (AWS Cloud Club)
- SIH (Smart India Hackathon) Participation Certificate
- HP Data Science Certification
- Infosys Python Completion Certificate
- Samsung Solve for Tomorrow Certification

## PROFESSIONAL EXPERIENCE

- Mobile Application Developer
- Personal Project: No\_Debar
- Developed an attendance tracking app using Dart and Flutter, designed for daily use across multiple subjects, with data persistence for accurate tracking. Integrated interactive features like attendance marking, weekly summaries, and data clearing options.
- Responsive Gym Website: Designed a responsive website for a local gym with a focus on user experience and cross-platform compatibility.
- Participant, Smart India Hackathon 2024
- Project: ONROAD
- Contributed to developing AI-based solutions for real-world challenges in the ONROAD project, gaining hands-on experience in problem-solving, teamwork, and project development under time constraints.
- AWS Cloud Club Event Participant
- Session: Generative AI meets Branding
- Engaged with AI and branding experts, gaining insights into generative AI applications, and expanding skills in cloud and AI integration.

## SOFT SKILLS

### Leadership & Community Involvement

- AWS Cloud Club Involvement: Regular participant in AWS Cloud events and Gen AI sessions, showing engagement with the tech community.
- Mentorship & Peer Support: Helped others learn specific technologies and assisted projects also.

### Soft Skills

- Communication & Collaboration: Strong team player with experience in collaborative projects like SIH and group projects.
- Adaptability: Able to learn new technologies quickly and adapt to diverse development environments.
- Good command in using GEMINI
